VOLUME XIII

COLUMBIA, ADAIR COUNTY, KENTUCKY, WEDNESDAY APRIL 13, 1910.

NUMBER 23

Points Regarding The Census.

The census begins April 15 and must be completed in two weeks in cities and in thirty days in all other areas.

The enumerators will wear a badge inscribed "United States Census, 1910." The law requires every adult person to furnish the prescribed information, but also provides that it shall be treated confidentially, so that no injury can come to any person from answering the questions.

The President has issued a proclamation, calling on all citizens to co-operate with the Census and assuring them that it has nothing to do with taxation, army or jury service, compulsory school attendance, regulation of immigration, or enforcement of any law, and that no one can be injured by answering the inquiries.

It is of the utmost importance that the census of population and agriculture in this state be complete and correct.

Therefore every person should promptly, accurately, and completely answer the Census questions asked by enumerators.

We Are Yours.

The strongest and most appreciated evidence of confidence any business can receive is a large and growing patronage and especially the many who buy once and then come again and again.

It is a pleasure to us to say to the many readers of The News, who have freely patronized us that the present season is one of our most active. Every day, every hour brings us the assurance of some one well pleased with our manner of doing business and in recognition of such confidence and the anticipation of expanding business. We have bought large shipments direct from the factories and know that we can save you money as well as furnish as good goods as can be bought anywhere. We have sought to meet the demands of this part of the state and no abatement in our efforts or curtailment in the expenditure of money will let up until the climax of demand has been reached. We have the largest and most varied stock of hardware, leather goods, vehicles and farm machinery carried by any firm in South Central Kentucky, and we are making it better all the time. Not merely for the small per cent. that comes to us but with pride and good will that is justly due that class of people who make their wants and wishes known to us. We appreciate your patronage. We are ready to give substantial evidence to this when you visit our store.

Respectfully,
The Buchanan Lyon Co.
Incorporated Campbellsville, Ky.

Mr. G. A. Young, of Waterview, Cumberland county, will please accept the thanks of The News man for some few ears of the best seed corn we have seen for many years. It is a large dent corn and as solid and compact as can be produced. It may seem strange to some that any friend should present this office with seed corn and especially from an adjoining county, but it is explained as follows: The distribution of good seed to be of worth to the country, must be made with an eye single to its reproduction in purity and vigor, and, of course, the best farmers are selected for this purpose. In receiving this corn we acknowledge that it comes from one of the best corn sections of Southern Kentucky, from a country whose low lands never tire in producing and from a farmer whose cribs are bloated with the best of that fertile region every year. In justice to the good will and good judgment of the donor we promise to plant it and give it proper cultivation on Burton's Ridge—our home—the best section in Adair county. Briefly stated—it comes from the fertile bottoms of the Cumberland to be grown to perfection in the garden spot of Adair county's highlands.

We have the largest and most complete stock of light vehicles ever offered the people of Southern Kentucky. Write us for what you want or call and examine our line. The Buchanan Lyon Company.

Central University and Georgetown College played their first of a series of games at Danville last Saturday. It was exciting from the start and it took fourteen innings to reach a decision. They were tied on the fourteenth inning when Central made a score. The result was three to four in favor of the Central team. Romie Jund, of this place, pitched for Georgetown.

Action of the Fiscal Court.

The Fiscal Court adjourned last Friday after being in session 4 days. A levy of 25 cents ad valorem, and one dollar poll was made for county purposes, and an ad valorem tax of five cents for road purposes, and an ad valorem tax of 10 cents, and a per capita tax of 25 cents for school purposes. When the present officials came into office they found the county indebted considerably over one thousand dollars, with no funds on hand to meet this indebtedness, and the levy made at this session of court will pay all current expenses and also satisfy said indebtedness.

Mr. R. T. Baker, Amandaville, arrived in Columbia last Saturday morning with nine registered Herriford cattle, four males and five females, the finest stock that was ever exhibited on the square in this place. One of the cows in the bunch was imported from England, bred by J. Price, Pambridge, Eng. Several of the cattle are by old Britisher, owned by Giltner Bros., Eminence, Ky., and cost \$4,000. After Britisher was decided to be the champion in England he was brought to America, and is the champion of this country. He weighs 2,835 pounds. Mr. L. D. Potts, who was with Mr. Baker, exhibited two cattle of the same stock, a heifer and a young bull. This bunch of cattle was purchased in Shelbyville last Wednesday the 6th inst., at a combination sale of Herrifords. These cattle sell for \$200 per head on the farm.

The attendance at the Citizens Meeting was largely increased last Sunday afternoon, showing that the interest is growing. At the next meeting, second Sunday afternoon in May the court auditorium will likely be filled with people. At the meeting Sunday afternoon Mr. C. S. Harris read a paper and stirring speeches were made by Rev. B. M. Currie, Rev. J. R. Crawford and Governor J. R. Hindman. The meeting was conducted by Eld. Z. T. Williams. The program for the May meeting will be published later.

Publishing a card of thanks when sickness and death invades a home is out of taste and should not be practiced. When death enters a home neighbors and friends never fail to do all in their power to place a silver lining back of the dark cloud, and they do not expect neither do they desire to be thanked through the press. When sickness comes friends know their duty and they do it cheerfully.

I want to give you prices on fertilizers—10 per cent potash. 21-4t C. E. Young.

The dwelling house recently built by Mr. J. Crit Yates, a few miles southwest of Columbia, was consumed by fire last Thursday morning and all its contents. Mr. Yates was absent from home and when friends reached the burning building his wife and children were panic stricken. No insurance and the loss is considerable. The origin of the fire is unknown.

Imported Hermene, one of the greatest thoroughbreds that ever crossed the Atlantic and the sire of the \$60,000 Hermis, will make the season at W. E. Bradshaw's training stable at the extremely low fee of \$8.00. 22-2t

In Memory.

On the 2nd day of April, 1910, James C. Pelley departed this life at his home near Pellyton, Ky. He was born and reared near the place where he died, and was near 67 years old.

Mr. Pelley was confined to his bed for many months and bore his affliction with remarkable fortitude and patience. A few days before his death a beloved daughter, and wife of Joseph Campbell, was taken violently ill and soon died. Her father had the casket that contained the remains of his daughter brought to his bedside that he might see his loved one. He calmly viewed the corpse without manifesting the least emotion and softly fell asleep. He seemed to realize that he would soon be placed by her side in the bosom of mother earth.

He was a member of the Methodist church and demeaned himself as a true Christian. The burial was in Jones grave yard and was attended by several hundred people. Funeral services were conducted by Rev. Wm. Lemon, who paid a high tribute to the deceased.

J. C. Pelley was a good man, and his death is a great bereavement to his many friends. He was always ready to help those in distress and will long be remembered for his deeds of charity.

He leaves a wife, two children, and several grand children to mourn the irreparable loss they have sustained. Peace to his memory. N

The meeting at the Methodist church will continue through this week. Sunday night the church was crowded to its utmost capacity, showing that deep interest is being taken in the services. The preaching is strong, the singing inspiring and the closest attention is given.

Staves Wanted.

We will pay \$35.00 per thousand for one-half barrel stove bolts, 27 inches long, 4 1/2 inches clear of sap, 1 1/2 inch hart. Elrod & Co. 21-4t

Notice to Stockmen.

Red Bird, Jr., is four-year-old, 16 hands high, black with white hind feet, he is sound in every particular and is a combined horse with as much style as any member of the great family of horses from which he sprung. His dam is a grand sire of Cabell's Old Lexington, she is a saddle and harness mare with fine style. It is readily seen that Red Bird Jr., combines the blood of two of the greatest, all-purpose family horse this country has ever had. He was sired by Old Red Bird. He is making the present season at Springfield, Ky., at \$40.00, and is getting all the mares he can serve. Red Bird, Jr., is one of the quietest and easiest handled horses you ever saw, and as many people know, he has never failed to win in every ring which he has entered. I am offering you his services for \$10.00 to insure a living colt. He has given great satisfaction for his service of breeding in 1909. I will give a premium of \$10.00 in gold for the best colt that is foaled in 1911.

I also have a fine Jack that will make the season at the same place at \$6.00 for a mare colt and \$5.00 for a horse colt.

I offer a premium of \$5.00 in gold for the best male colt that is foaled in 1911. The people of this section are well pleased with his colts.

Said stock will make the present season at my place, one mile east of Breeding, and known as the Wash Breeding farm.

Care will be taken to prevent accidents, but not responsible should any occur. In all cases money due when colt is foaled, mare traded or removed from the neighborhood. Only half price will be charged the stock of widows.

A. K. Rupe, Breeding, Ky.

They will reside in this city. Rev. Barnett is the able young pastor of the Locust Grove and South Union Baptist Churches, and his bride is one of South Christian's most attractive girls."
